

Amendments to the Claims

Claims 1-7 (Cancelled).

Claim 8 (Currently amended): An improved dishwasher rack comprising:
a wire rack with a front, a back, a bottom, and opposite sides; and
~~a pair of members on the rack, each a guide on each opposite side having an outward extending~~
curved surface being adapted for engagement with a vertical sidewall of the dishwasher to
substantially preclude lateral movement of the rack.

Claim 9 (Currently amended): The dishwasher rack of claim 8 wherein each ~~member~~
guide snap fits onto the rack.

Claim 10 (Currently amended): The dishwasher rack of claim ~~[[8]]~~2 wherein each ~~member~~
guide has at least one leg extending therefrom to engage a parallel wire on the rack and thereby
substantially preclude movement of the ~~member~~ guide.

Claim 11 (Currently amended): The dishwasher rack of claim 8 wherein the ~~members~~
guides are integrally formed in the opposite sides of the rack.

Claim 12 (Currently amended): The dishwasher rack of claim 8 wherein each ~~member~~
guide includes a wheel generally parallel to the plane of the bottom surface to roll along the
vertical sidewall of the dishwasher.

Claim 13 (Original): The dishwasher rack of claim 12 wherein each wheel rotates on a vertical
axis.

Claim 14 (Currently amended): The dishwasher rack of claim 8 wherein each ~~member~~
guide is ~~mounted~~ adjacent a rear corner of the rack.

Claim 15 (Currently amended): The dishwasher rack of claim [[8]]2 wherein the rack includes upright wires upon which each ~~member~~ guide is mounted.

Claim 16 (Cancelled).

Claim 17 (Currently amended): The dishwasher rack of claim [[16]]8 wherein the curved surface of each member extends about a vertical axis.
